Pirates of the Colombian Caribbean is a copyrighted production that incorporates the Sensational Murcia's world-famous high wire act and the legendary Wheel of Destiny act all in a very unique setting.

The show commences with a little boy who dreams of becoming a pirate after a bedtime story, in his dreams this becomes reality and the action begins!

It is your typical "GOOD" pirates against the "BAD" pirates, however, this all takes place suspended on a thin wire cable 30 feet in the air over the top of a huge pirate ship! This is when you see over 30 years combined experience of the Sensational Murcia's on the high wire. Watch as they execute various daring feats, acrobats and tricks on the 1/2inch steel cable, such as sword fighting, the dangerous two man high, actually skipping rope and the finale trick you have to SEE TO BELIEVE!

Also included in the action is the Wheel of Destiny, disguised as an enormous skull and crossbones, where fate is also tempted. As the giant wheel spins the pirates jump, somersault and sword fight all while it is rotating on its axis!

The whole performance is presented in authentic pirate costumes, complete with a beautiful pirate ship backdrop and set, exciting suspenseful music, fantastic use of lighting and smoke effects for an experience that you will never forget. It is nonstop action from beginning to end and guaranteed to thrill all ages. Requires an area of 130' x 70'.
