A non-stop spectacle of unparalleled, daring performances that will leave your audiences breathless by the end of the 30 minutes of thrilling aerial talents. Incorporating a wide array of unique mid-air maneuvers, the show is highlighted by the Flying Trapeze sequence which features 5 aerialists in unison, twisting, turning, and crisscrossing thru space and culminating with executing the famous triple summersault! As an extra added attraction witness Captain Cortes, the **Human Cannonball being fired from the mouth of the monstrous cannon, hurling thru apace across the arena and landing in the specially formulated air bag for a spectacular finale to the Flying Trapeze Show!**

The show requires a minimum space of 100' x 90' and comes complete with its own colorful backdrops, banners, all necessary sound, and lighting, and can be presented up to three times per day.
